

Photo	Model No.	Specification	Price in Dhs
	QS-1701	17" queue system terminal Intel Atom 425,1.85GHz 2GB Ram, 500GB Hard drive, 5 Serial ports, 4 USB, Fast Ethernet, Samsung 17"LCD display Epson 532 high speed thermal printer 150mm/sec Rapid print head with automatic cutting, External sound choice	Call back for pricing
	QS-101	Wireless calling device 17 keys, dual-function, Keystroke: > 50 million times Size: 96mm*165mm*35mm Communication Interface: USB,RS485 Wireless connection	Call back for pricing
	QS-801	Evaluator RJ 45 Socket 4 function keys with star class display Notification tone Business card frame	Call back for pricing
	QS-516	Counter LED display 5mm LED, 16 dot matrix module, Aluminum alloy frame Build in power switch (5v 4A DC) One- lines integrated display	Call back for pricing
	QS-532	Counter LED 3 lines display 5mm LED, 16 dot matrix module, Aluminum alloy frame Build in power switch (5v 4A DC) Three - lines integrated display	Call back for pricing
	QS-564	Counter LED 4 lines display 5mm LED,16 dot matrix module, Aluminum alloy frame Build in power switch (5v 4A DC) Four- lines integrated display	Call back for pricing
	QS-341	Wireless communication module Intelligent HUB signal isolation Shunt display communication state A signal amplifying relay capability Wiring way bus and star networks co-exist support	Call back for pricing
	QS-311	Signal amplifier Wireless signal extender Digital radio-relay device Used to improve the wireless networking	Call back for pricing
	QS-312	Wireless module Transport distance 400 @1.2 Kb Max power out 500mw Sensitivity -121 dBm Working temperature -40 ~ +85 °C	Call back for pricing
